Oregon law requires local governments to have a financial statement audit performed each year and file the resulting reports with the Secretary of State's Office. The audits are performed by independent Certified Public Accountants and are subject to review.

The audit process begins in July following the close of the fiscal year and the report is generally issued by the end of December. The City's audit for fiscal year 2013-14 is being performed by Isler CPA and is expected to be completed by May 31, 2015. The completion of the audit was delayed due to the account software system transition and a change in personnel at the auditing firm.
