In Recognition of Melany Klemmer

Important Summer Rates Update

Effective July 1st, new accounts that have had sewer service for less than two months will have a winter average of 5,000 gallons applied to their account until a 3-month winter average is created. This adjustment is a result of the recently adopted resolution regarding the city's fee schedule. For any inquiries, please contact the Finance Department at 541-942-3346.
