Appendix D: School Land Inventory

Nice play equipment, lots of monkey bars and a newer tot lot.
The sheltered area could use some repair.
Pool is a great feature, upper practice field is really run down it probably hasn't been used in years
there is nothing here, I think there used to be some things durring the school year because of the Academy
Harrison has a lot of tot lot play equipment.
Lincoln has a great track. It also has a few fields, basketball hoops and tether ball areas.
This is a very nice baseball facility that is owned by the city and leased to South Lane School District.
