GENERAL FUND REVENUES

GENERAL FUND

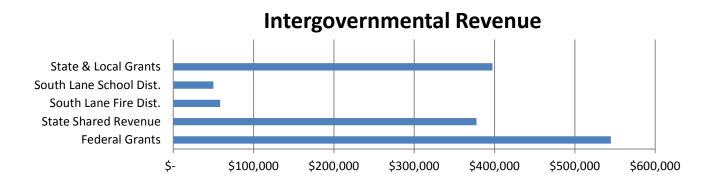

The General Fund is used to account for all revenues and expenditures of a general nature not required to be recorded in another fund. The primary revenues are described below.

Property taxes comprise 47 % of the total revenues. The taxes are generated from a \$7.2087 tax rate per \$1,000 of assessed values. The county assessor determines the assessed value of the property, bills and collects the taxes and remits collections to the City. The proposed 2019-20 budget is based upon 2% growth in assessed value.

Taxes for 2019-20 will be billed late October 2019, and can be paid in thirds on November 15, February 15, and May 15. Discounts are offered for payment made in full in November and February. For more information about property taxes refer to the Property Tax Summary. Budgeted taxes are less than levied amounts due to estimated uncollectable, delinquencies and discounts.

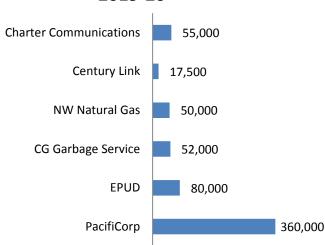

Intergovernmental revenues come from State shared revenues which include alcoholic beverage tax, cigarette tax, marijuana tax, state shared revenues; federal/state grants, South Lane Fire and Rescue District for PERS UAL debt reimbursement, and South Lane School District's contribution to support the School Resource Officer position. These sources total \$1,428,230 or 14% of the fund's total. The revenues are allocated by various formulas.

Franchise fees are the fourth largest revenue source and comprise 6.1% of the total revenues. These fees are charged to various utilities for use of public right-of-way. The proposed 2019-20 budget is based upon trend analysis. The fees are based upon a percentage of net sales within city limits. The franchise fees were last increased fiscal year 13-14; a 1.5% increase for electric utilities and a 2% increase for natural gas. The total percentage for both electric and natural gas is 5% of gross revenues. Telecommunications and cable franchise fees are currently at 7%. The sanitation franchise fee is currently 3.5%. The estimated percentages of total franchise fees to be collected by utility category for fiscal year 2019-20 are as follows:

Estimated Franchise Revenue 2019-20

Charter Communications – 8.95%
Century Link – 2.85%
Natural Gas Northwest Natural Gas 8.14%
Cottage Grove Garbage Service – 8.46%
Emerald People's Utility District – 13.02%
PacifiCorp – 58.58%

The General Fund also receives Administrative Fees from a number of Enterprise Funds, Reserve Funds, and Capital Project Funds. The fees are allocated based on the amount of expenditures incurred in those funds the preceding year.

Certain departments provide services for which fees can be charged or fines can be assessed.

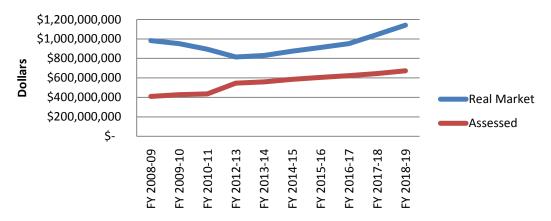

PROPERTY TAX SUMMARY

The State of Oregon has a constitutional limit on property taxes for governmental operations. Under the limitation, tax revenue is separated into those for public schools and those for local governments. The limitation specifies a maximum rate for all local government operations of \$10.00 per \$1,000 of real market value, while schools are similarly limited to a \$5.00 maximum rate.

In May 1997, voters approved Measure 50 which separated real market value from assessed value and rolled back assessed values to 90% of 1995-96 and limited future increases of taxable assessed values to 3% per year, except for major improvements. Tax rates are now fixed and not subject to change. Voters may approve local initiatives above the fixed rate provided a Majority approves at a general election either in an even numbered year, or at any other election in which at least 50% of registered voters cast a ballot.

Cottage Grove's permanent tax rate is \$7.2087 per \$1,000 of assessed valuation. Taxes from the permanent rate are recorded in the General Fund. No local initiative is outstanding for property taxes.

Real Market vs Assessed Values

The real market value at fiscal year-end 2019 was \$1,141,650,948; the assessed value was \$673,134,127; assessed value was approximately 59.0% of market value.
