Committee or Volunteer Positions Applied For: Urban Forestry Committee

Please list any special qualifications or skills.
I'm experienced with policymaking and can support clear decisions with functions of the committee. Ensure effectiveness through professionalism and management. This is a great opportunity to be involved and create more positive support to the Urban areas in Cottage Grove. I have over ten years of committee experience and knowledge of Roberts rules of order.

Please provide a short statement regarding why you wish to serve on this committee.
I would like to provide the residents of Cottage Grove the opportunity to give their option on how we can create a better environment for new Urban Development. This committee will help strengthen the understanding of how to recognize our trees and the important role they play in our ecosystem. It is critical to plant trees whenever possible, and it is equally important to recognize our mature trees. Actively promote new and old and Urban areas within the city limits and seek funding for city planning and parks and gardens, but also landscaped boulevards, river and coastal promenades, greenways and even simple street-side tree boxes.

Please list any previous and current volunteer experience.
Member of Parks and Recreation for Lane County, President of Kiwanis International Club, Chaired Art's Commision, Pass Commissioner for Measure W, Member of Appeals Commission and Member for San Joaquin Delta College Measure L.
