

CONSTRUCTION CORNER

(May 3, 2019) Bridge Repairs – 2019 includes a series of preventive maintenance and safety improvements to the Main Street Bridge, Silk Creek Bridge and the Harrison Avenue Bridge.

- **MONDAY, MAY 6 – TUESDAY, MAY 7:**

- Silk Creek Bridge: Contractors will be excavating and placing new steel panels under the approaches. Please watch for one-lane closures and flaggers.

- **WEDNESDAY, MAY 8 THROUGH FRIDAY, MAY 10:**

- Contractors will pave the approaches to the Harrison Avenue Bridge, Silk Creek Bridge and Main Street Bridge. Flaggers will be used during this operation.
- Beginning Wednesday, May 8, the approaches at Main Street Bridge, Silk Creek Bridge and Harrison Avenue Bridge will be repaved.

- **WEEK OF MAY 13**

- Re-stripping the bridge decks and new pavement will occur Monday, May 13.

- **WEEK OF MAY 21**

- **BRIDGE RAILING REPAIRS** – Coating and painting will continue at Silk Creek and Main Street Bridges through Friday, May 24.
- The Contractor will continue **renovations\repairs to bridge railings and concrete pillars** at the Main Street Bridge and the Silk Creek Bridge. The work generally includes:

- Containment scaffolding and tarps will be used to prevent hazardous materials from falling into the waterway.
- Disposal of hazardous materials generated by the power washing and paint scraping will adhere to state and federal requirements.
- Detour routes will be setup to redirect pedestrians during this work.

Main Street Bridge - Painted Railings and Pillars

- ***The expected project finish date remains May 24, 2019.***

The traveling public should anticipate delays traveling or near the construction. Please drive cautiously, observe all construction signage, and use alternate routes if possible.

These projects are weather-dependent and the weekly schedule is likely to change.

Please call Public Works Engineering at 541-942-3340 with any questions.
