The City operates on a Council/Manager form of government. The City Council sets policy and provides direction to an appointed City Manager that directs the staff and carries out the day-to-day administration of the City. (See Organizational Chart)

The City Council depends on the Planning Commission and other Advisory Boards for advice and input and in the case of the Planning Commission to render judgments in land-use applications. The following is a brief outline of the City Council, Commission, and Budget Committee.
